PROGRAM AND POLICY SUBCOMMITTEE**

**DESCRIPTION**

---

**1. Official Designation**

The Delta Conservancy Program and Policy Subcommittee is a subcommittee of the Sacramento-San Joaquin Delta Conservancy, a California state agency chartered through the Sacramento-San Joaquin Delta Reform Act (Chapter 5, Statutes of 2009).

**2. Purpose**

The purpose of the Program and Policy Subcommittee is oversight and implementation of the Delta Conservancy's Strategic Plan. The subcommittee will serve as a forum for the public and staff to contribute ideas regarding implementation of the Strategic Plan. The subcommittee may also make recommendations to the Delta Conservancy on programmatic and policy positions for consideration by the 21-member Conservancy board.

**3. Responsibilities**

***Review of Strategic Plan***

The Program and Policy Subcommittee will provide guidance and advice concerning the purpose and direction of the Strategic Plan. Review of the Strategic Plan should occur at least once a year at the subcommittee level to ensure the Strategic Plan's goals are being met by the Conservancy and presented to the full Conservancy Board.

***Conservancy Policy***

The subcommittee may convene to discuss positions for the Conservancy to take on programs and policy, including legislation. For decisions the subcommittee deems appropriate for consideration by the full board, the subcommittee may forward a recommended position for the full board to consider at the following board meeting. For decisions that the subcommittee deems does not require board approval, the responsibilities of program and policy decision-making will be delegated, with advice from the subcommittee, to the Delta Conservancy staff.

Recommended positions offered by the subcommittee need a majority of the subcommittee to be forwarded to the full Delta Conservancy Board.

***Expectations and Possible Outcomes***

- Oversight of the Delta Conservancy Strategic Plan to ensure the Conservancy is meeting its performance goals and objectives;
- Respond to changing environmental, local, and budgetary needs in implementation of the Strategic Plan;
- Provide insights and recommendations to the Delta Conservancy Board regarding Board positions on local, state, and national environmental and political issues affecting the Conservancy's mission; and
- Provide insights and recommendations to the Delta Conservancy staff regarding input into positions on local, state, and national environmental and political issues affecting the Conservancy's mission, within the Conservancy's official capacity as a state agency.

#### **4. Decision Making**

The Program and Policy Subcommittee will use a collaborative approach during its decision making process. The subcommittee will review, along with any other information the subcommittee deems useful, information from prior subcommittee meetings, Conservancy board members, Conservancy staff, and the public at large.

#### **5. Membership & Meetings**
